What is an Employee Assistance Program (EAP)?

An EAP is a service designed to help you manage life's challenges. Everyone needs a helping hand once in a while, and the EAP can provide it. We can refer you to professional counselors and services that can help you and your eligible family members resolve a broad range of personal problems affecting your emotional health, family life and work life.

How do I get help?

Simply call the number in this brochure. Your call will be answered by an experienced intake specialist. Based on your needs, the specialist will either provide a referral to a counselor or consultant, or connect you with one.

Who will provide the help?

Counselors and professionals provide MHN's EAP services. These include psychologists, social workers, marriage and family counselors, financial advisors, child and elder care providers, enrolled IRS agents, retirement counselors and lawyers.

When should I seek help?

The right time to seek help for a problem is as soon as possible, before it becomes critical. You can reach us 24 hours a day, 7 days a week at the number in this brochure.

Are EAP services confidential?

Yes. Your privacy is important to us. MHN abides by state and federal mandates governing confidentiality. Any information you reveal is held in confidence and your identity is protected according to the limits of the law.

Will I have to pay for services?

No. Your employer pays for your EAP services. There are no co-payments, deductibles or co-insurance payments, and you will not be liable to an MHN counselor for any fees covered by your EAP under any circumstances. If, however, you desire additional services not covered by the EAP, or if you choose a counselor not in MHN's network, you will be responsible for payment.

Who is eligible for services?

All employees, and their lawful spouses, are eligible. Unmarried dependent children are also eligible if they are:

- Age 18 or less
- Age 22 or less and a full-time student
- Incapable of self-sustaining employment due to a mental or physical disability

(Note: If you are unsure if you are eligible, please contact your HR department.)

MHN is a licensed California specialized healthcare service plan. The Department of Managed Health Care (the "Department") is responsible for regulating healthcare service plans in California. If you have a grievance against MHN, you should first telephone MHN at the same number you would use to access your EAP services, and use MHN's grievance process, as described above, before contacting the Department. If you need help with a grievance involving an emergency, a grievance that has not been satisfactorily resolved by MHN or a grievance that has remained unresolved for more than 30 days, you may call the Department. You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the medical necessity of a proposed service or treatment, coverage decisions for treatments that are experimental or investigational in nature and payment disputes for emergency or urgent medical services. MHN's grievance process and the Department's complaint review process are in addition to any other dispute resolution procedures that may be available to you, and your failure to use these processes does not preclude your use of any other remedy provided by law. The Department has a toll-free telephone number (888-HMO-2219) to receive complaints and a TDD line (877-688-9891) for the hearing and speech impaired. The Department's website (<http://www.hmohelp.ca.gov>) has complaint forms, IMR application forms and instructions.
