VOLUNTEER ASSISTANCE

The Board of Trustees recognizes that volunteer assistance in schools can enrich the educational program, increase supervision of students, and contribute to school safety while strengthening the schools' relationships with the community. The Board encourages parents/guardians and other members of the community to share their time, knowledge and abilities with students. The Board also encourages community members to serve as mentors providing support and motivation to students.

The Superintendent or designee shall develop and implement a plan for recruiting, screening and placing volunteers, including strategies for reaching underrepresented groups of parents/guardians and community members. He/she may also recruit community members to serve as mentors and/or make appropriate referrals to community organizations.

As appropriate, the Superintendent or designee shall provide volunteers with information about school goals, programs and practices and an orientation or other training related to their specific responsibilities. Employees who supervise volunteers shall ensure that volunteers are assigned meaningful responsibilities that utilize their skills and expertise and maximize their contribution to the educational program.

Volunteer maintenance work shall be limited to those projects that do not replace the normal maintenance duties of classified staff. The Board nevertheless encourages volunteers to work on approved short-term projects to the extent that they enhance the classroom or school, do not significantly increase maintenance workloads and comply with employee negotiated agreements.

Volunteer aides shall not be used to assist certificated staff in performing teaching or administrative responsibilities in place of regularly authorized classified employees who have been laid off. (Education Code 35021)

Volunteers shall act in accordance with district policies, regulations and school rules. The Superintendent or designee shall be responsible for investigating and resolving complaints regarding volunteers.

The Board encourages principals to develop a means for recognizing the contributions of each school's volunteers.

The Superintendent or designee shall periodically report to the Board regarding the district's volunteer assistance program.

Qualifications

The Superintendent or designee shall establish procedures for determining whether volunteers

A volunteer who possesses a current Activity Supervisor Clearance Certificate from the Commission on Teacher Credentialing, issued prior to July 9, 2010, shall have satisfied district requirements for the criminal background check. (Education Code 49024)
