EMPLOYEE SECURITY

The Governing Board desires to provide a safe and orderly work environment for all employees. As part of the district's comprehensive safety plan, the Superintendent or designee shall develop strategies for protecting employees from potentially dangerous persons and situations and for providing them with necessary assistance and support when emergency situations occur.

Any employee against whom violence or any threat of violence has been directed in the workplace shall notify the Superintendent or designee immediately. The Superintendent or designee shall initiate legal and security measures to protect the employee and others in the workplace. In addition, the Superintendent or designee may initiate legal proceedings against any individual to recover damages for injury caused by the willful misconduct of that individual to the person or property of an employee or another person on district premises.

The Superintendent or designee shall ensure that employees are trained in crisis prevention and intervention techniques in order to protect themselves and students. Staff development may include training in classroom management, effective communication techniques, and crisis resolution.

The Superintendent or designee also shall ensure that employees are informed, in accordance with law, of crimes and offenses committed by students who may pose a danger in the classroom.

The Superintendent or designee may make available at appropriate locations, including, but not limited to, district and school offices, gyms, and classrooms, communication devices that would enable two-way communication with law enforcement and others when emergencies occur.

Use of Pepper Spray

Employees may possess pepper spray that meets the requirements of Penal Code 12403.7 on school property and at school activities for their own safety. Any employee who is negligent or careless in the possession or handling of pepper spray shall be subject to appropriate disciplinary measures.

Reporting of Injurious Objects

The Board requires employees to take immediate action upon being made aware that any person is in possession of an unauthorized injurious object on school grounds or at a school-related or school-sponsored activity. The employee shall use his/her own judgment as to the potential danger involved and, based upon this analysis, shall do one of the following:

1. Confiscate the object and deliver it to the principal immediately
2. Immediately notify the principal, who shall take appropriate action

EMPLOYEE SECURITY (continued)

3. Immediately notify the local law enforcement agency and the principal

When informing the principal about the possession or seizure of a weapon or dangerous device, the employee shall report the name(s) of persons involved, witnesses, location, and the circumstances of any seizure.

EMPLOYEE SECURITY

An employee may use reasonable and necessary force for his/her self-defense, defense of another person, or protection of property; to quell a disturbance threatening physical injury to others; or to obtain possession of weapons or other dangerous objects within the control of a student. (Education Code 44807, 49001)

Employees shall promptly report to the principal or other immediate supervisor any attack, assault, or physical threat made against them by a student.

Both the employee and the principal or other immediate supervisor shall promptly report such instances to the appropriate local law enforcement agency. (Education Code 44014)

In addition, employees shall promptly report to the principal or supervisor, and may report to law enforcement, any attack, assault, or threat made against them on school grounds by any other individual.

Reports of attack, assault, or threat shall be forwarded immediately to the Superintendent or designee.

Notice Regarding Student Offenses Committed While Under School Jurisdiction

The Superintendent or designee shall inform the teacher(s) of each student who has engaged in, or is reasonably suspected of, any act during the previous three school years which could constitute grounds for suspension or expulsion under Education Code 48900, with the exception of the possession or use of tobacco products, or Education Code 48900.2, 48900.3, 48900.4, or 48900.7. This information shall be based upon district records maintained in the ordinary course of business or records received from a law enforcement agency. (Education Code 49079)

Upon receiving a transfer student's record regarding acts committed by the student that resulted in his/her suspension or expulsion, the Superintendent or designee shall inform the student's teacher(s) that the student was suspended or expelled from his/her former district and of the act that resulted in the suspension or expulsion. (Education Code 48201)

Information received by teacher(s) shall be received in confidence for the limited purpose for which it was provided and shall not be further disseminated by the teacher. (Education Code 49079)

Notice Regarding Student Offenses Committed While Outside School Jurisdiction

When informed by the court that a minor student has been found by a court to have committed any felony or any misdemeanor involving curfew, gambling, alcohol, drugs, tobacco products, carrying of weapons, a sex offense listed in Penal Code 290, assault or battery, larceny, vandalism, or graffiti, the Superintendent or designee shall so inform the school principal. (Welfare and Institutions Code 827)

EMPLOYEE SECURITY (continued)

The principal shall disseminate this information to any counselor who directly supervises or reports on the student's behavior or progress. The principal also may inform any teacher or administrator he/she thinks may need the information so as to work with the student appropriately, avoid being needlessly vulnerable, or protect others from vulnerability. (Welfare and Institutions Code 827)

Any court-initiated information that a teacher, counselor, or administrator receives shall be kept confidential and used only to rehabilitate the student and protect other students and staff. The information shall be further disseminated only when communication with the student, parent/guardian, law enforcement staff, and probation officer is necessary to rehabilitate the student or to protect students and staff. (Welfare and Institutions Code 827)

When a student is removed from school as a result of his/her offense, the Superintendent shall hold the court's information in a separate confidential file until the student is returned to the district. If the student is returned to a different district, the Superintendent shall transmit the information provided by the student's parole or probation officer to the superintendent of the new district of attendance. (Welfare and Institutions Code 827)

Any confidential file of court-initiated information shall be kept until the student becomes 18, graduates from high school, or is released from juvenile court jurisdiction, whichever occurs first, and shall then be destroyed. (Welfare and Institutions Code 827)

Procedures to Maintain Confidentiality of Student Offenses

In order to maintain confidentiality when providing information about student offenses to counselors and teachers of classes/programs to which a student is assigned, the principal or designee shall send the staff member a written notification that one of his/her students has committed an offense that requires his/her review of a student's file in the school office. This notice shall not name or otherwise identify the student. The staff member shall be asked to initial the notification and return it to the principal or designee.

The staff member shall also initial the student's file when reviewing it in the school office. Once the district has made a good faith effort to comply with the notification requirement of Education Code 49079 and Welfare and Institutions Code 827, an employee's failure to review the file constitutes district compliance with the requirement to provide notice to the teacher.

Use of Pepper Spray

Employees who possess pepper spray on school property shall be notified of the following conditions:

1. The pepper spray shall be used only in self-defense.
2. An employee who uses pepper spray other than in self-defense shall be subject to disciplinary action by the district and, in accordance with law, a fine and/or imprisonment.

EMPLOYEE SECURITY (continued)

3. Employees shall ensure that the pepper spray is stored in a secure place and not accessible to students or other individuals. An employee who is negligent in the storage of pepper spray may be subject to disciplinary action.

Employees wishing to carry pepper spray on school property or to a school-related activity shall submit to the Superintendent or designee a written request setting forth the need for the pepper spray. Should the Superintendent or designee determine that the employee may not carry pepper spray, the employee shall receive a written statement of the reason for this determination.
