

Community Relations

CIVILITY

Natomas Unified School District is committed to ensuring a safe, orderly, and respectful environment at all District facilities and during all District events and meetings. This policy is intended to promote a positive environment where behavior and communication is based on mutual respect, civility, and orderly conduct among District employees, parents, and the public.

This policy is not intended to deprive any person of their constitutionally protected freedoms. It is intended to ensure an orderly, civil, and harassment free place for students, employees, parents, and the public to participate in the District's programs and activities. The District encourages students, employees, parents, and the public to communicate in a positive, calm, respectful and productive manner and to avoid hostile, aggressive, and confrontational behavior.

If a student, employee, parent, or member of the public believes that another person is violating this policy, they should report this concern to the school site principal or designee and if that does not resolve the issue then to the superintendent or the superintendent's designee.
