SUMMER LEARNING PROGRAMS

The Governing Board recognizes that an extended break from the instructional program may result in significant learning loss, especially among disadvantaged and low-achieving students, and desires to provide opportunities during the summer for students to practice essential skills and make academic progress. When the need is demonstrated and funds are available, the Superintendent or designee, with Board approval, shall establish summer school day and/or evening classes for purposes of remediation, enrichment and/or acceleration.

(cf. 5148.2 - Before/After School Program)
(cf. 6171 - Title I Programs)
(cf. 6175 - Migrant Education Program)

Summer programs offered by the district shall be aligned with the district's local control and accountability plan (LCAP), other applicable district and school plans, and the educational program provided during the school year. When feasible, summer programs shall blend high-quality academic instruction in core curricular and/or elective subjects with recreation, nutrition programs, social and emotional development, and support services that encourage attendance, student engagement in learning, and student wellness.

(cf. 6143 - Courses of Study)

The district shall offer summer instructional programs for graduating high school seniors who need courses for graduation before the beginning of the next school year. (Education Code 41976.5)

The district's summer school program may be used to provide supplemental instruction for students failing to meet academic requirements and/or students who desire enrichment in core academic subjects in accordance with law, Board policy and administrative regulation. (Education Code 37252, 37252.2, 41505-41508; 5 CCR 11472)

Enrollment Priorities

Priority to enroll in summer programs may be given to district students who:

1. Need course credits in order to graduate from high school before the beginning of the next school year

(cf. 5147 - Dropout Prevention)
(cf. 6146.1 - High School Graduation Requirements)
2. Have been retained or are at risk of being retained at their grade level

(cf. 5123 - Promotion/Acceleration/Retention)
3. Demonstrate academic deficiencies in core curriculum areas

(cf. 0460 - Local Control and Accountability Plan)
4. Are in targeted student groups identified in the district's LCAP as needing increased or improved services to succeed in the educational program

The remaining openings shall be offered to other district students on a first-come first-served basis.

Attendance

Because summer courses cover extensive instructional content in a relatively short time period, students who have more than three excused absences or one unexcused absence may not receive credit for their summer session class(es) unless they make-up missed work in accordance with law, Board policy and administrative regulation.

Rotation of School Sites

Sites for summer school programs may be rotated in an effort to make summer school programs more accessible to all students, regardless of residence or regular attendance area, and to equalize long-term facility and maintenance needs.

SUMMER LEARNING PROGRAMS (continued)

(cf. 5113 - Absences and Excuses)
(cf. 6154 - Homework/Make-Up Work)

The Superintendent or designee shall annually report to the Board on summer school enrollment in the current year and previous year for the program as a whole and disaggregated by grade level, school that the students attend during the regular school year, and student population such as students from low-income families, students with disabilities, and English learners. In addition, he/she shall report on the extent to which students successfully achieved the academic outcomes established for the program.

Additional Summer Learning Opportunities

The Superintendent or designee may collaborate with parents/guardians, city and county agencies, community organizations, child care providers, and/or other interested persons to develop, implement, and build awareness of organized activities that support summer learning.
