## WHAT IS THE BROADCAST MEDIA PATHWAY

Are you an artistic person? Do you enjoy using state of the art digital photography and filming equipment? Do you enjoy creating videos? Do you watch to share the great news of Inderkum High School with the community? If any of this has interested you then you need to become an Broadcast Media Pathway student at Inderkum High School.

## WHAT CAN I EXPECT

Students in the Broadcast Media Pathway will take courses in Broadcast Media while taking their core classes (English, history, science, and math). The Broadcast Media Pathway provides students with the ability to gain and master skills in video storytelling, media arts, news broadcasting, and interviewing skills. Students gain hands-on experience by working with professional broadcast media equipment in the redesigned broadcast media classroom, learning about industry standard techniques, career strategies and the importance of job performance. Students gain practical knowledge and experience from a well known local news reporter who teaches all of the Broadcast Media courses. Students will record and broadcast the weekly Tiger Talk to inform staff and students on the latest Inderkum news. To become a Broadcast Media Pathway student you must be enrolled at Inderkum High School and meet with your counselor to enroll in Broadcast Media courses.
