California Department of Education School Accountability Report Card Reported Using Data from the 2016-17 School Year Published During 2017-18

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2017-18)

The Natomas Unified School District Vision states, "All students graduate as college and career ready, productive, responsible and engaged global citizens." At Natomas Park Elementary School, we are committed to the success of each student. We achieve this success through collaboration as we build and monitor progress on academic skills, foster personal growth, and create involved community members.

The school has adopted one basic rule: H.O.W.L. Have Respect, Offer Kindness, Make Wise Decisions, Be a Life Long Learner. Natomas Park Elementary embraces the ideal that a school must be a community of learners, where each member assumes responsibility for the success of our children.

Natomas Park Elementary is located in Natomas, a rapidly growing suburban area north of Sacramento, California. Its students come from many diverse backgrounds, which we view as an asset. Our largest ethnic sub-group contains less than 25% of the school's population and five groups contain more than 10%.

The staff of Natomas Park Elementary actively engages in collaboration using Professional Learning Community (PLC) practices and has developed grade level teams to monitor student learning to provide support to all children. Staff work closely together to monitor student progress to provide academic interventions, enrichment and support. Parents are key team members with staff as we develop plans to help students reach higher levels of success.

A. Conditions of Learning

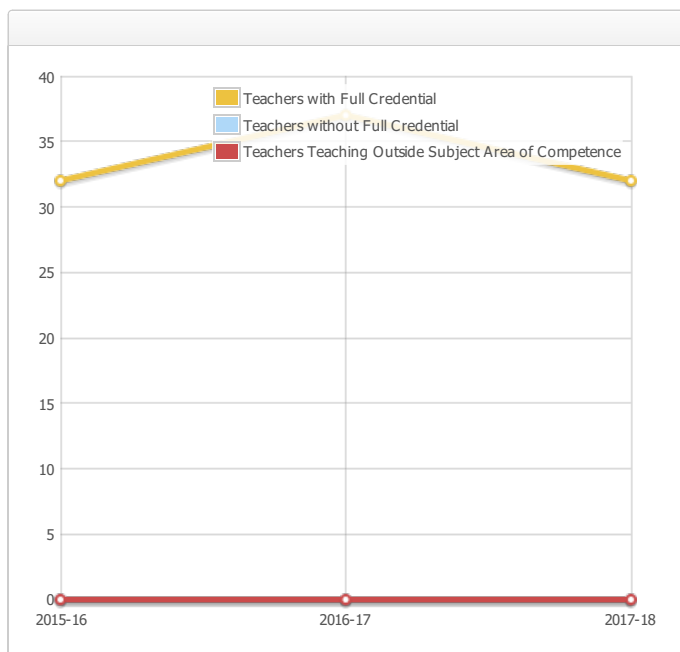

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)

Natomas Unified held a public hearing on September 27, 2017 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams v. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in September 2017 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

Year and month in which the data were collected: September 2017

School Facility Conditions and Planned Improvements

Construction of the main campus at Natomas Park Elementary was completed in August of 2000. The school design focused on architecture that supported a multi-track-year-round calendar. There are 27 classrooms, 12 portables, 1 Special Ed room, 7 Admin/Library/Multipurpose buildings, and 2 playgrounds. Classrooms are grouped in pods of three with an adjoining workspace/office area. Additional portable classrooms were added following the model standard of three classrooms and one workroom. Four of these additional classrooms and one workroom have stucco exteriors and are considered to be permanent structures. In 2016 NUSD utilized Measure J funds, to begin making improvements through the addition of a two-story building replacing eight of the portables creating space for an additional parking lot. The two-story building consists of 10 classrooms and two flex spaces for collaborative learning. Construction was completed in the summer of 2017 and included repaving and redesigning the current parking lot and main playground. All of the previously existing buildings with the exception of one building had all new carpeting installed over the summer of 2017.

The deferred maintenance plan is currently being updated.

An on-site staff of three custodians are supported by a District Maintenance and Operations staff to maintain all school facilities. The maintenance of the school grounds and classroom cleanliness are an important part of the overall school environment. The overall condition of the school's facilities is good.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students

Grades Three through Eight and Grade Eleven (School Year 2016-17)

Subject	Percentage of Students Meeting or Exceeding the State Standards

Mathematics (grades 3-8 and 11)	37%	27%	35%	33%	36%	37%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Students Receiving Migrant Education Services				
Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

Opportunities for Parental Involvement (School Year 2017-18)

Parents are encouraged to be involved in our school in a variety of ways. The School Site Council (SSC) is composed of five parents and five staff members and is responsible for the creation of our Single Plan for Student Achievement.

Our Parent Teacher Association (PTA) plays a very active role in the school and sponsors a number of community events. These include a fall carnival, activities, school dances, dinner nights at local restaurants, and a book exchange/family reading night. Additionally, PTA supports classrooms directly with financial support. The PTA through parent volunteers also supports an Art Docent Instructional program.

Our English Language Advisory Committee (ELAC) consists of parents who inform decisions and provides input on the most effective ways to provide full participation of our English Language Learners in all school activities.

Parent volunteers are very active and involved through direct classroom support as volunteers, chaperones for study trips and assisting with preparation of classroom materials.

School Safety Plan (School Year 2017-18)

All Comprehensive School Safety plans are in compliance with Senate Bill 187. The staff review of the Safety Plan for updates is conducted regularly by our Site Leadership Team. This committee meets regularly to review materials and ongoing conditions at the school to update the plan as needed. The procedures for safe evacuation are discussed in staff meetings and practiced once a month. "Lockdown" procedures are also discussed and practiced regularly throughout the year. Natomas Park Elementary follows the Incident Command structure and this document outlines responses to fire, earthquake, toxic spill and campus intrusion. Specific instructions for staff and student response are outlined in the plan. The Safety Plan is approved annually by the NUSD Board of Education.

Types of Services Funded (Fiscal Year 2016-17)

Natomas Unified School District offers a wide range of support services for students, including, but not limited to, academic, individual and small group counseling, a school psychologist, adapted physical education, work experience, home and hospital teachers, and health assistants. Supplemental curriculum programs offered by Natomas Park Elementary include SIPPS and Read Naturally, which are research supported interventions and were purchased with categorical funds in previous years. Several teachers also use Accelerated Reader to increase reading comprehension and motivation for independent reading. Extended Day (targeted tutoring) is offered after school by several teachers at grade levels 1st through 5th, and MobyMax is used by many teachers to support learning in math.

Professional Development

In addition to the three NUSD district-wide staff development days which are held each year and five early release days for staff professional development, as negotiated by contract, staff development is also supported at the site through weekly staff or collaboration meetings. Professional Development focus in 2016 and 2017 has been on continuing the implementation of the Common Core State Standards, understanding the CCSS framework, the implementing Go Math

curriculum adopted in January of 2016 and the Wonders curriculum adopted Spring of 2017.

Site staff development has been focused primarily on the implementation of PLCs with the support from a team of lead teachers who have received more training on PLC implementation. Staff meet weekly in PLC teams, planning instruction, analyzing student progress, and planning response to intervene where students struggle. In addition, during weekly staff meetings, administration and lead teachers share additional information, modeling and training that support the staff development goals of the district, reinforcing concepts being shared throughout the District.

These and other professional development opportunities and required trainings are provided by the District during school, on weekends, after school and in the summer. Professional development opportunities are also provided to new teachers through the Beginning Teacher Support and Assessment (BTSA) program.
