Community Relations

RELATIONS BETWEEN OTHER GOVERNMENTAL AGENCIES AND THE SCHOOLS

The Governing Board recognizes that agencies at all levels of government share its concern and responsibility for the health, safety, and welfare of youth. The Board and Superintendent or designee shall initiate and maintain good working relationships with representatives of these agencies in order to help our district schools and students make use of the resources which governmental agencies can provide.

The district may enter into agreements with other agencies which involve the exchange of funds or reciprocal services. Such agreements shall be approved by the Board and executed in writing.

The Superintendent and appropriate staff shall work in cooperation with government and public agencies in the planning and implementation of joint projects or activities within the community. The Superintendent or designee may designate a coordinator in the planning and implementation of joint projects with the city and county to ensure effective implementation of the district's responsibilities in any such collaborative project.

The Superintendent or designee shall encourage a periodic assessment of children's needs within the community, which may include, but not be limited to, needs based on poverty, child abuse and neglect, poor physical or mental health, substance abuse, violence, homelessness, placement in foster care, or lack of access to child care. The needs assessment may also examine the extent to which those needs are being met through existing services in the district and in the community, the costs of providing those services, and any gaps, delay, or duplication of services.

The Superintendent or designee shall determine any services to be offered by the district, the resources that will be allocated to support collaboration, any use of school facilities for services, and any development or joint use of facilities with other jurisdictions. All agreements with other agencies to coordinate services or share resources shall be in writing and approved by the Board. The Board may establish joint powers agreements or memorandums of understanding, when feasible, to formalize the responsibilities and liabilities of all parties in a collaborative activity.

The Superintendent or designee shall explore funding opportunities available through each agency, state and national grant programs, and/or private foundations for youth service coordination and delivery.
