## **INDEPENDENT AUDITOR'S REPORT**

**Board of Trustees and Independent Citizens' Bond  
Oversight Committee for Measure D  
Natomas Unified School District  
Sacramento, California**

We have conducted a performance audit of the Natomas Unified School District's (the District) Measure D General Obligation Bonds for the year ended June 30, 2017.

We conducted our performance audit in accordance with *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our conclusion based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for the findings and conclusions based on our audit objectives.

Our audit was limited to the objectives listed on page 2 of this report which includes determining compliance with the performance requirements for the Proposition 39 and Measure D General Obligation Bonds under the applicable provisions of Section 1(b)(3)(C) of Article XIII A of the California Constitution and Proposition 39 as they apply to the bonds and the net proceeds thereof. Management is responsible for the District's compliance with those requirements.

Solely to assist us in planning and performing our performance audit, we obtained an understanding of the internal controls of the District to determine if internal controls were adequate to help ensure the District's compliance with the requirements of Proposition 39, as specified by Section 1(b)(3)(C) of Article XIII A of the California Constitution. Accordingly, we do not express any assurance on the internal controls.

The results of our tests indicated that, in all significant respects, the Natomas Unified School District expended Measure D General Obligation Bond funds for the year ended June 30, 2017 only for the specific projects developed by the District's Board of Education and approved by the voters, in accordance with the requirements of Proposition 39, as specified by Section 1(b)(3)(C) of Article XIII A of the California Constitution.

### **PROCEDURES PERFORMED**

We obtained the Measure D Building Fund detailed general ledger for the fiscal year ended June 30, 2017. We obtained the actual invoices and other supporting documentation for a sample of expenditures to ensure compliance with Proposition 39 and Measure D General Obligation Bond funding. We performed the following procedures:

- We verified the mathematical accuracy of the expenditures included in the Measure D Building Fund detailed general ledger for the fiscal year ended June 30, 2017.
- Solely to assist us in planning and performing our performance audit, we obtained an understanding of the internal controls of the District to determine if internal controls are adequate to help ensure the District's compliance with the requirements of Proposition 39.
- We determined that the Independent Citizens' Bond Oversight Committee is fulfilling its duties as required by Education Code 15278 and as outlined in their Committee Bylaws.
- We selected a sample of expenditures in the fiscal year ended June 30, 2017. The sample was selected to provide a representation across construction projects, vendors and expenditure amounts. For each selection, we performed the following procedures:
  1. Reviewed supporting documentation to ensure that funds were properly expended on the specific projects outlined on the publicized list and met the requirements for bidding, if applicable.
  2. Verified the expenditure was for construction, rehabilitation, or replacement of school facilities, including furnishing and equipping of District facilities, deferred maintenance upgrades or the acquisition or lease of real property facilities and verified that funding was not used for salaries of school administrators or other operating expenditures of the District.

### **CONCLUSION**

Based upon the procedures performed, we found that, for the items tested, the Natomas Unified School District has properly accounted for the expenditures of the Measure D General Obligation Bonds. Further, it was noted that the funds were not used for salaries of school administrators or other operating expenditures. Our audit does not provide a legal determination on the District's compliance with specific requirements.
