School Accountability Report Card Reported Using Data from the 2017—18 School Year California Department of Education *Published during the 2018-19 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2018—19)

Two Rivers Elementary School is in the Natomas Unified School District where the Sacramento and American Rivers meet. We are just north of the State Capitol and near the Sacramento River. Our school serves students in PK-5th grade. Two Rivers Elementary School has a dedicated staff committed to developing the social, physical, and academic success of all students. The mission of Two Rivers is that the students, staff, and families of Two Rivers Elementary are members of a community in which all strive to support student growth in all domains: academic, social-emotional, and physical development. This community supports and cares for each other as we prepare students for college and career and aspire to the highest levels of achievement. The staff works jointly with our parents and school community to create a strong partnership that best serves our students and promotes student achievement.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018—19)

Natomas Unified held a public hearing on September 26, 2018 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams v. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in September 2018 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

Year and month in which the data were collected: September 2018

School Facility Conditions and Planned Improvements

Two Rivers Elementary School opened in 2001, has 31 classrooms 5 portables, a library, a computer lab, a Learning Center, an SDC room, a multi-purpose room with a large stage, and one playground. Our custodians keep the school in excellent condition. Students are taught and expected to do their part in keeping the classrooms and playgrounds free of trash. We believe in maintaining high expectations for the quality of all school programs, including physical equipment. Two Rivers has 2.375 dedicated custodial staff. During the summer of 2017 many of the exterior classroom doors were repainted to update the look of the rooms. The campus is in Exemplary repair with no urgent issues based upon the Williams inspection of August 2018.

The school library was upgraded during 2016 utilizing Bond Measure J funding.

There will be flooring replacements in several buildings as part of the Deferred Maintenance plan in the summer of 2019.

A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2016—17	School 2017—18	District 2016—17	District 2017—18	State 2016—17	State 2017—18
English Language Arts / Literacy (grades 3-8 and 11)	40.0%	46.0%	43.0%	44.0%	48.0%	50.0%
Mathematics (grades 3-8 and 11)	38.0%	38.0%	33.0%	32.0%	37.0%	38.0%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018—19)

We encourage and appreciate parent involvement in all aspects of our school. Parents are invited to volunteer in our classrooms or may complete projects at home that will assist their child's teacher. Two Rivers Elementary School has a strong and dedicated Parent-Teacher Association (PTA) and School Site Council (SSC) Committee. There are many exciting opportunities for parents interested in getting actively involved with our school. Our PTA organizes several events for our students and community throughout the school year including our Harvest Festival, Spaghetti Feed, Family Movie Nights, Restaurant Nights, and our Bingo Night. Parents are invited each month to Coffee and Conversation, where they are able to chat with the principal with their concerns and learn from district representatives. We appreciate and support parental involvement and recognize that their involvement helps our students, school and community. We also believe that parents are an essential partner in the education of our students, however, parental involvement is not a prerequisite for student achievement.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

School Safety Plan (School Year 2018—19)

Our comprehensive School Safety Plan is in compliance with Senate Bill 187. Each school year, staff representatives review and revise our safety plan. This committee reviews our site safety needs. Our safety plan outlines procedures and responses to fire, flood, earthquake, toxic spill and campus intrusion.

Specific instructions for staff and student response including school site evacuation are outlined in the plan. The School Safety Plan is reviewed and approved by the Board of Trustees. We practice fire drills monthly, lockdown drills at least twice a year, and participate in the Great American Shake Out so students and staff are practiced in the procedures outlined in our Safety Plan.

Professional Development

Teachers received 3.5 staff development days in 2016-2017 and 2017-2018. In 2018-2019, teachers will receive 3 staff development days and a .5 day classroom workday, as well as 5 Staff Development Early Release days. Teachers in grades 3-5 also received six weeks of job-embedded PD, consisting of a half day of collaborative training and followed by coaching and demonstration within their own classrooms. During this time our school provided training in Differentiated Instruction and Formative Re-engagement. Student achievement data was used to identify that professional development was needed in the areas of Common Core implementation, backwards mapping, and increasing the rigor of student products in the classroom. Monthly staff meetings, Staff Development Early Release Days, individual mentoring and group coaching are used to deliver the professional development. Support is provided through in-class coaching, teacher-principal meetings, data reporting, and review of student work products.

We are a Tier 3 PBIS school. Our team has attended several trainings, and guides the implementation of supports such as:

Check in-Check out

Breaks are Better

Behavior Lessons in all classes

SPLASH into school, SPLASH into 2019

Incentive program

SPLASH Ambassadors

Our school uses the professional learning community model to collaborate three times a month, in grade level teams, to plan for instruction and use results to plan further instruction. Teachers in grade level teams also use collaboration time to analyze Unit and IAB data and plan for intervention, which occurs both during and after the school day.
