EVALUATION OF THE INSTRUCTIONAL PROGRAM

The Governing Board recognizes that it is accountable to students, parents/guardians and the community for the effectiveness of the district's educational program in meeting district goals for student learning. The Superintendent or designee shall conduct a continual evaluation of the curriculum and the instructional program in order to identify strategies for improving student achievement.

The Superintendent or designee shall provide the Board and the community with regular reports on student achievement. The reports shall include data for each district school and for each numerically significant student subgroup as defined in Education Code 52052, including, but not limited to, school and subgroup performance on statewide achievement indicators and progress toward goals specified in the district's local control and accountability plan (LCAP).

Based on these reports, the Board shall take appropriate actions to maintain the effectiveness of programs and to improve the quality of education provided to district students.

Annual Evaluation of Consolidated Application Programs

The Board and the Superintendent or designee shall annually determine whether the district's categorical programs funded through the state's consolidated application are effective in meeting the needs of the students they are intended to serve. As a basis for this evaluation, the Superintendent or designee shall recommend for Board approval the specific, measurable criteria that shall be used at each school and at the district level. These criteria may include, but are not necessarily limited to, the progress of all students participating in the program and of each numerically significant subgroup toward goals contained in the district's LCAP, the school's single plan for student achievement, and/or other applicable district or school plans.

Federal Program Monitoring

When the district is selected by the CDE for a Federal Program Monitoring (FPM) compliance review, the Superintendent or designee shall gather and submit all documentation and data required for the review and shall cooperate with CDE staff to facilitate program monitoring.

In the event that the FPM review results in a finding of noncompliance in relation to any program, the Superintendent or designee shall submit a proposed resolution to the CDE within 45 days of the date the district was notified of the finding. The resolution shall be implemented in accordance with the terms and timeframe specified in the resolution agreement with the CDE.

The Superintendent or designee shall report to the Board regarding the results of the review process.

Western Association of Schools and Colleges (WASC) Accreditation

The Board believes that accreditation by the Western Association of Schools and Colleges (WASC) can foster excellence and ongoing academic improvement in the district's schools. The results of the accreditation process also may demonstrate to parents/guardians and the community that the schools are meeting their goals and objectives and the WASC criteria for school effectiveness through a viable instructional program.

The Superintendent or designee shall undertake procedures whereby the district schools may achieve and maintain full WASC accreditation status. The schools shall conduct a self-study in accordance with WASC requirements, cooperate with the WASC committee during a site visit, and develop and review action plans to increase the effectiveness of the instructional program for students. The Superintendent or designee shall regularly report to the Board on the status of district schools and any WASC recommendations for school improvement.

EVALUATION OF THE INSTRUCTIONAL PROGRAM (continued)

Not later than 60 days after receiving the results of an inspection of a school by WASC or any other accrediting agency, the Superintendent or designee shall notify parents/guardians in writing of the inspection results and/or shall post the information on the district's or school's web site. (Education Code 35178.4)

(cf. 1113 - District and School Web Sites)

(cf. 5145.6 - Parental Notifications)

If any district school loses its accreditation status, the Board shall give official notice at a regularly scheduled Board meeting. The Superintendent or designee shall provide written notification to each parent/guardian of a student in the school that the school has lost its accreditation status, including the potential consequences of the loss of accreditation status. This notice shall also be posted on the district's web site and the school's web site. (Education Code 35178.4)
