

American Lakes School Promotes Community

Proud Home of the Eagles

WHY AMERICAN LAKES SCHOOL?

American Lakes School is a tight-knit, community school that is committed to cultivating well-rounded individuals. We provide students with a strong social, emotional, and academic foundation to ensure a positive college and career trajectory. To support the development of all students, we embed character development lessons into our curriculum. We take a positive and preventative approach to behavior through school-wide implementation of our Positive Behavioral Interventions and Supports (PBIS) system. With guidance from caring and committed staff, students will leave American Lakes as well-rounded individuals possessing critical-thinking skills that can be applied to real-world situations beyond high school.

IS AMERICAN LAKES RIGHT FOR MY STUDENT?

American Lakes is a place where staff and teachers work collectively to ensure that we fulfill the NUSD Vision that, "All NUSD students graduate as college and career ready, productive, responsible, and engaged global citizens." Teachers offer a variety of activities to enhance student learning inside and outside the classroom. Our Young Men's Club and Young Women's Club provide peer support during lunch. We also have a student-initiated and student-run Make a Better You Club that focuses on positive ways to treat one another. Our Garden Club and Green Club are our most active clubs, promoting a green, environmentally sensitive school. American Lakes has a character development mentoring program with CHELSEA, a robust athletic program, and more. We also offer free after-school tutoring from our American Lakes teachers and a free Target Excellence academic and enrichment program. Parents can help out in the classroom, at school events, on field trips, or with our weekly Step up to Excellence cart, which rewards students for adhering to our three school-wide personal standards: Show Respect, Make Good Decisions, and Solve Problems.
