

Why Discovery High School is Such a Success for High School Students

Discovery High School provides each student with unique access to college and career opportunities that lead to economic and social self-sufficiency

WHY DISCOVERY HIGH SCHOOL?

Discovery High School provides accredited alternative educational opportunities for students of Natomas Unified School District. Discovery is an alternative to large, traditional high schools. It offers small class sizes to credit-deficient students, along with individual attention and options for earning a high school diploma. Through traditional courses and Discovery's Hospitality Pathway -- encompassing Culinary Arts, food service, and restaurant operation -- students have options to complete courses, gain workplace skills, and practice leadership.

HOW DO I KNOW IF DISCOVERY HIGH IS RIGHT FOR ME?

We provide a school environment where students receive individual attention and develop a sense of community. Our program is designed to assist students in earning a high school diploma and being college and career ready. Discovery's program offers students the chance to overcome academic and/or social challenges and experience success in school.

The program is designed to allow students the opportunity to make up academic and credit deficiencies in an accelerated manner. The goal at Discovery is for each student to graduate with a high school diploma and be prepared for life beyond high school.

HOW DO I BECOME A STUDENT AT DISCOVERY HIGH SCHOOL?
