

# Second Grade News

## *Matey Message Week of February 17th*

We hope you had a wonderful three day weekend! Thank you to all the parents who brought in treats for our Valentine's Day party. Both second grade classes enjoyed having a day to celebrate kindness and friendship.

Quarter 3 conferences are coming up! We are so excited to meet with all of you to talk about the growth and success your second grader has shown during this quarter. Please be on the lookout for a signup through the Bloomz app/website. This will be sent out after school today. If you have any questions please don't hesitate to email!

ELA: We are working to identify the problem and solution of a text. Both second grade classes are also working to create predictions before reading.

Math: Second graders are working on adding and subtracting numbers through 1000 using multiple strategies. Keeping up with Zearn homework will help your child be successful on these lessons in the classroom!

Social Studies: We are working on our North America unit which includes landforms as well as the characteristics of maps.

Science: Both second grade classes will start a unit on changes to the Earth's landscapes. We will be talking about both fast and slow changes.

Homework: Please check your child's yellow homework folder every Monday for more information. If you have any questions, don't hesitate to email! Thank you to those that are staying caught up on Zearn.
