

Week 30 News from 3rd Grade

MS. G AND MRS. RIEHL

Good morning, Families,

Welcome back for another week of virtual learning at NP3! Last week flew by, and we're excitedly anticipating this week's schedule with the continued opportunity to connect with our students! As we move in to this week, we will continue to spend time reviewing expectations and practicing online norms. We can't thank you enough for all of your support, with FULL morning meetings, time to connect for math instruction, and FUN read aloud time!

1) In ELA this week, students will continue on with Unit 5, week 2. This week, they will focus on the essential question, "How can we reuse what we already have?" and the big idea of "What are ways people can take action?" They'll study realistic fiction, while focusing on summarizing to show understanding and identifying point of view. They will also review their knowledge of vocabulary to practice understanding homographs and learn about subject and object pronouns in grammar. Finally, in a few weeks, they will begin writing an imaginative narrative, which will culminate in an opportunity to share during the last week of instruction!

2) In Mathematics this week, students will continue on with Module 7, which focuses heavily on understanding quadrilaterals and their attributes, perimeter, complex area, and multi-step word problems. They will be back to the regular routine of Zearn + problem set each day this week!

3) **Find Your Voice: Habit 8!** Throughout April, our Leader in Me focus is Find Your Voice! This has to do with using knowledge of the 7 Habits to share learning, help others, and pursue passions and goals. This is a GREAT habit to practice while at home. There are SO many new ways to find your voice during this quarantine, and we look forward to hearing about how that's happening!

4) **Matey Messages:**

April 6 - April 10, 2020

Congratulations to all NP3 Families for working so hard to try Distance Learning!

Teachers continue to look for ways to streamline and to try to make this experience positive for all! You are amazing and you all need to reflect on where you were one week ago and where you are today. What we all have learned and achieved is worth celebrating!

NP3 Distance Learning:

- is an option
- if you are prioritizing...make one Morning Meeting a week
- all lessons are/will be posted to YouTube
- will continue through the year
- is not mandatory

Quote of the week:

“Success is the sum of small efforts, repeated day in and day out.”

It's going to be a great week, and we continue to be so impressed with your support during this tricky time and, of course, your student's willingness and motivation to learn!

Enjoy your week,

Mrs. Riehl and Ms. G
