

Welcome to our presentation for families of Scholars sophomores. The slides have already been uploaded to the Scholars/DP website, so please don't worry about missing any details. The uploads contain some additional information which we won't be covering tonight, but please feel free to email if you have questions about that information, too.

Please note that the counselors soon will be presenting to the sophomores during one of their classes and then will hold individual meetings with them. During those meetings, they will complete the students' MYAPs (multi-year academic planner) in Infinite Campus. Parents/guardians will have an opportunity to request meetings with the counselors, too. Once MYAPs are complete, they will be locked. Parents/guardians will be notified of the opportunity to review the course selections.

Counselors Debbie Eisberg & Lindsay Stoddard, IB DP/Scholars Coordinator Jessica Downing

## Inderkum IB Math Sequence

Please note that IB has changed the courses effective 2019-20. The new titles are included, but we may make minor adjustments to our IB Math pathways after the teachers are able to fully review the syllabi.

Course grades will be considered alongside teacher recommendations, IB math placement test results, standardized test results, students' requests, and students' college/career goals when determining math placement for grades 11 and 12. Students on the IB Certificate pathway may consider non-IB Diploma Programme math courses for grades 11 and 12.

### Non-IB DP Math Sequences

9	Math I	Math I	Math I	Math II	Math II+	Math III
10	Math II	Math II	Math II+	Math III	Math III+	Trig/PreCalc
11	Math III	Math III	Math III+	Trig/PreCalc	AP Calc AB	AP Calc AB
12	EAP Math	Trig/PreCalc	AP Calc AB	AP Calc AB	Statistics	Statistics
