

Two Rivers Elementary makes a SPLASH

Everyone takes responsibility for learning and growing together

WHY TWO RIVERS ELEMENTARY SCHOOL?

The staff and families of Two Rivers Elementary are a community that supports students' academic, social-emotional, and physical development as they prepare for college and career.

The Otter community cares for each other and aspires to the highest levels of achievement. Our classrooms in grades 3-5 have a Chromebook available for each student. Lower grades share several carts, ensuring access to technology for all students.

Everyone is expected to learn and grow at Two Rivers Elementary. Teachers and staff participate in professional development to increase student achievement and meet learning needs at all levels.

IS TWO RIVERS RIGHT FOR MY STUDENT?

At Two Rivers, our Otters make a **SPLASH**, they:

- S**olve Problems
- P**ractise Safety
- L**earn for Life
- A**lways Make Good Decisions
- S**how Respect
- H**elp Others.

Through our Positive Behavioral Interventions and Supports (PBIS) system, students are supported to make good decisions. We assist students academically through intervention and extension within the classroom, as well as after school. Two Rivers has a robust Extended Day program run by our parent and staff volunteers. Students receive academic intervention and enrichment offerings, such as music, cooking, dance, art, technology, and language programs.

HOW DOES MY STUDENT BECOME AN OTTER?
