

USE OF TECHNOLOGY IN INSTRUCTION

1. The Natomas Unified School District ("District") will make its computing and network resources available to its students and staff solely for educational purposes, and to carry out the legitimate business of the District. All other uses of District computing and network resources are strictly prohibited.
2. Access to District's computing and network resources, is not a right of any person. Rather, such access, if given by the "District pursuant to the provisions of District Policy and Regulations, is a revocable privilege. Users of District's computing and network resources are required to use such resources responsibly, ethically, and in a manner consistent with the provisions of this BP 6162.7 without regard to whether a user accesses District's resources directly, or through any remote computer or network.
3. As a condition of using District's computing and network resources, every user must read, and sign the appropriate "Acceptable Use Agreement" provided by District staff. All minors seeking permission to use these resources must also obtain the written permission of that minor's parent or guardian. Any user who does not sign an "Acceptable Use Agreement" will not be permitted to use District's computing and network resources.
4. The District's computer resources and all users' accounts are the property of the District. There is no right to privacy in the use of the computer resources or users' accounts, and the District reserves the right to monitor and access information on the system and in users' accounts for the purpose of determining whether a violation of this BP 6162.7 has occurred. The District will remove any information on the system which it determines to be in violation of this BP 6162.7.
5. In compliance with the requirements of the Children's Internet Protection Act, the District will utilize an internet blocking or filtering device to prevent electronic access to visual depictions that are obscene, pornographic, or harmful to minors. However, the Superintendent or his/her designee will have the discretion to disable such blocking or filtering measures in any case in which an adult requires access to such materials for bona fide research or other lawful purposes. The Superintendent or his/her designee will review written requests from adults for permission to disable blocking.
6. No person utilizing District computer resources will disclose or disseminate personal information concerning minors attending District schools.

7. The Superintendent or his/her designee is hereby authorized to adopt and implement such Administrative Regulations as are necessary and appropriate to implement this policy.

Acceptable Use Policy

I have read the Natomas Unified School District Board Policy 6162.7 Use of Technology in Instruction (see Pages Six & Seven) and understand the provisions. I accept responsibility for my child's appropriate use of Natomas Unified School District computer resources, which include all computer systems and network systems, Internet and intranet web sites or other data processing equipment owned or leased by Natomas Unified School District, as well as remote computers, or computer systems when used to access Natomas Unified School District computer resources, as outlined in the policy. I understand that use of Natomas Unified School District computer resources in violation of the Board Policy will result in the cancellation or restriction of user privileges. I agree to report any use which is in violation of the Board Policy to the appropriate system administrator, school district administrator, teacher or classified employee.

I have received, read, understood, and will follow the SPECIAL NOTICES procedures outlined on this page.
