Dear Students, Parents and Guardians,

State law requires the Natomas Unified School District (NUSD) to provide an annual notification to students, parents and guardians of their rights and responsibilities pertaining to their child's education. Please read this Annual Notification. The parent or guardian is required to acknowledge their receipt of this notice by signing and returning the signature page to their child's school or NUSD program. The parent's or guardian's signature is an acknowledgment that they have been informed of their rights and does not indicate the parent's or guardian's consent for their child to participate or not participate in any particular program listed within the Annual Notification.

Some legislation requires additional notification to the parents or guardians during the school term prior to a specific activity. A separate letter will be sent to the parents or guardians prior to any of these specified activities or classes, and the student will be excused whenever the parents or guardians file with the principal of the school a statement in writing requesting that their child not participate. Other legislation grants certain rights that are to be spelled out in this Annual Notification.

NUSD and its Board recognize that parent or guardian involvement in their child's education promotes student achievement and contributes greatly to the student's success. This Annual Notification contains information on the various ways parental involvement is both permitted and encouraged by federal and state laws, as well as NUSD's policies. NUSD commits to providing a quality education to all of its students in a safe and healthy environment. NUSD looks forward to a successful and positive school year, made possible by the dedicated efforts of its administrators, teachers, paraeducators, support staff, students, and parents and guardians.

Please read this Annual Notification carefully and return the signed forms to your student's school as soon as possible.

Sincerely,

Tonja Jarrell

Associate Superintendent
Natomas Unified School District

This paragraph is inoperative on July 1, 2020. (3) Except as provided in Section 48910, commencing July 1, 2020, a pupil enrolled in kindergarten or any of grades 1 to 5, inclusive, shall not be suspended for any of the acts specified in paragraph (1), and those acts shall not constitute grounds for a pupil enrolled in kindergarten or any of grades 1 to 12, inclusive, to be recommended for expulsion. A photograph or other visual recording, as described in this subclause, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording, or other electronic act. For purposes of this clause, “cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned events.

- u. As used in this section, “school property” includes, but is not limited to electronic files and databases.
- v. For a pupil subject to discipline under this section, a superintendent of the school district or principal is encouraged to provide alternatives to suspension or expulsion, using a research-based framework with strategies that improve behavioral and academic outcomes, that are age appropriate and designed to address and correct the pupil’s misbehavior as specified in Section 48900.5.
- w. (1) It is the intent of the Legislature that alternatives to suspension or expulsion be imposed against a pupil who is truant, tardy, or otherwise absent from school activities. (2) It is further the intent of the Legislature that the Multi-Tiered System of Supports, which includes restorative justice practices, trauma-informed practices, social and emotional learning, and schoolwide positive behavior interventions and support, may be used to help pupils gain critical social and emotional skills, receive support to help transform trauma-related responses, understand the impact of their actions, and develop meaningful methods for repairing harm to the school community.

Expulsion

A student may be recommended for expulsion for any of the reasons enumerated in Education Code section 48915, and pursuant to the expulsion procedures identified in Education Code sections 48918 and 48918.5.

Attendance of Suspended Child's Parent or Guardian for Portion of School Day (EC 48900.1)

Pursuant to board policy, a teacher may require a parent or guardian of a pupil who has been suspended by a teacher pursuant to Section 48910 for either committing an obscene act, engaging in habitual profanity or vulgarity or disrupting school activities or otherwise willfully defying the valid authority of supervisors, teachers, administrators, school officials, or other school personnel engaged in the performance of their duties, to attend a portion of a school day in the classroom of his or her child or ward.

Sexual Harassment Policy (EC 231.5; 5 CCR 4917, 48980(g), 48900.2)

DISTRICT will not tolerate sexual harassment by anyone participating in any DISTRICT program or activity. This includes student-to-student or peer sexual harassment as well as harassment between a student and any DISTRICT participant. DISTRICT takes all complaints of sexual harassment seriously, investigates and addresses identified sexual harassment, and if the investigation results in the determination that sexual harassment has occurred, takes reasonable, immediate corrective action to stop the harassment, eliminate a hostile environment, and prevent future sexual harassment. Alleged pupil sexual harassment in violation of DISTRICT policy or federal or state law will be handled pursuant to DISTRICT policy and procedures which can be found online at natomasunified.org (BP 5145.7). A pupil in grades 4 to 12, inclusive, may be suspended from school or recommended for expulsion if the superintendent or principal of the school in which the pupil is enrolled determines that the pupil has committed sexual harassment as defined below.

California Education Code section 212.5 defines sexual harassment as any unwelcome sexual advances, requests for sexual favors, and other verbal, visual, or physical conduct of a sexual nature made by someone from or in the work or educational setting, under any of the following conditions:

- a. Submission to the conduct is explicitly or implicitly made a term or a condition of an individual's employment, academic status, or progress.
- b. Submission to, or rejection of, the conduct by the individual is used as the basis of employment or academic decisions affecting the individual.
- c. The conduct has the purpose or effect of having a negative impact upon the individual's work or academic performance, or of creating an intimidating, hostile, or offensive work or educational environment.
- d. Submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through the educational institution.

Hate Violence (EC 48900.3)

A pupil in any of grades 4 to 12, inclusive, may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has caused, attempted to cause, or threatened to cause, or participated in an act of, hate violence, as defined in EC 233(e).

Harassment, Intimidation or Threats (EC 48900.4)

A pupil enrolled in any of grades 4 to 12, inclusive, may be suspended from school or recommended for

expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has intentionally engaged in harassment, threats, or intimidation, directed against school district personnel or pupils, that is sufficiently severe or pervasive to have the actual and reasonably expected effect of materially disrupting classwork, creating substantial disorder, and invading the rights of either school personnel or pupils by creating an intimidating or hostile educational environment.

Terroristic Threats Against School Officials, School Property or Both (EC 48900.7)

Each school district shall notify parents and legal guardians that it may suspend a student from school, or recommend for expulsion, if the student makes terroristic threats against school officials, school property, or both, per EC 48900.7.

A pupil may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has made terroristic threats against school officials or school property, or both. A “terroristic threat” includes any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars (\$1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family’s safety, or for the protection of school district property, or the personal property of the person threatened or his or her immediate family.

Suspension/Expulsion: Alternative and Other Means of Correction (EC 48900, 48900.5, 48911)

Generally, suspension shall be imposed only when other means of correction fail to bring about proper conduct. DISTRICT may document other means of correction short of suspension and expulsion and place the documentation in the pupil’s record. Other means of correction may include: a conference between school personnel, the pupil’s parent or guardian and the pupil; referrals to the school counselor or psychologist; study teams, guidance teams or other intervention-related teams that assess behavior and develop and implement behavior plans; referral for psycho-educational assessment; after-school programs that address specific behavioral issues; and community service on school grounds during non-school hours. A pupil may be suspended, for any of the reasons enumerated in Section 48900 upon a first offense, if the principal or superintendent of schools determines that the pupil violated subdivision (a), (b), (c), (d), or (e) of Section 48900 or that the pupil’s presence causes a danger to persons. A suspension shall be preceded by an informal conference between the principal, the principal’s designee or the district’s superintendent of schools and the pupil, and whenever practicable, the teacher, supervisor, or school employee who referred the student to the principal. At this conference, the pupil shall be informed of the reason for the disciplinary action and other means of correction that were attempted before the suspension.

RIGHTS AND OPTIONS AVAILABLE TO PREGNANT AND PARENTING PUPILS (EC 46015)

A pregnant or parenting pupil is defined as any pupil who gives or expects to give birth, or any parenting pupil who identifies as the parent of an infant. Pregnant and parenting pupils are entitled to at least eight weeks of parental leave, which can be taken before birth of the pupil's infant if there is a medical necessity, or after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction.

The pupil is neither required to take time off nor notify their school that they are doing so; this is a guaranteed minimum right that can be expanded if deemed medically necessary. Parental leave will be considered an excused absence, and the pregnant or parenting pupil is not required to complete any academic work during this period.

A pregnant or parenting pupil may return to their previous school and course of study, and is entitled to make up opportunities for any work missed during the leave. These students are allowed to enroll in a fifth year of high school in order to complete any state or local graduation requirements, except when the school finds that the pupil is reasonably able to complete these requirements in time to graduate high school by the end of their fourth year.

A pregnant or parenting pupil who does not wish to reenroll in his or her previous school is entitled to alternative education options offered by the local education agency. If so enrolled, the pupil shall be given educational programs, activities, and courses equal to those they would have been in if participating in the regular program. Furthermore, a school may not penalize a student for using any of the accommodations mentioned above. More information is available online at www.natomasunified.org. (BP 5146)

In addition, please review the specific school's handbook regarding behavior, dress codes, discipline policies and specific school rules.

Suspension, or recommendation for expulsion, shall be determined by the Superintendent, site principal, or a designee when the Student violated Education Code section 48900 subdivision(s):

- While on school grounds
- While going to, or coming from, school
- During the lunch period whether on or off campus
- During, or while going to or coming from, a school-sponsored activity

Please Note:

1. This guide is for general discipline information for families and students. For specific consequences for violations, please refer to the discipline policy for each individual school.
2. The District uses progressive discipline even when a student requires expulsion (e.g. in possession of a firearm, brandishing a knife, selling drugs or committing sexual battery or sexual assault)
3. Law enforcement will be notified of suspected violations of the California Penal Code or Health and Safety Code

Expulsion is the removal of a student from all schools in the Natomas Unified School District for violations of the California Education Code as ordered by the Board of Trustees. An expulsion is for a defined period, but an application for reentry must be considered within a specified period. State law provides for full due process and rights to appeal any order of expulsion.

Natomas Unified School District has long maintained a strong position against offenses committed by students that involve the possession of weapons, acts of violence, or the sale or distribution of controlled substances.

Violations of E.C. 48915(c) mandates that the Board of Trustees expel students for:

- Possessing, selling or furnishing a firearm
- Brandishing a knife at another person
- Unlawfully selling a controlled substance
- Committing or attempting to commit a sexual assault/sexual battery
- Possession of an explosive

E.C. 48915(a)(1) requires the principal or designee recommend expulsion when a student:

- Causes serious physical injury to another person except in self-defense
- Possesses of any knife or other dangerous object of no reasonable use to the student
- Unlawfully possesses a controlled substance
- Commits robbery or extortion

- Assaults or causes battery upon any school employee

Unless the Principal or Superintendent determines that expulsion should not be recommended under the circumstances or that an alternative means of correction would address the conduct.

Suspension is the removal of a student from the classroom for disciplinary reasons for a defined period of time by a teacher or school administrator. A principal or designee may suspend for up to five consecutive days. A teacher may suspend a student from their class for the day of the suspension and the day following, and as soon as possible, the teacher shall ask the parent or guardian of the pupil to attend a parent-teacher conference regarding the suspension (E.C. 48910). When a student is suspended, the parent or legal guardian responsible for the student will be contacted as soon as possible.

- There are two kinds of suspension: “on-campus” and “home” suspension. Students placed on home suspension are not allowed on or near any school campus in the NUSD.
- Students are not allowed to participate in any school activities during “on campus” or “home” suspensions. Students placed on “on campus” suspension are removed from the class for one or more classes and assigned to a supervised area for a specified time. The teacher of any class from which a student is suspended may require the suspended student to complete any assignments and tests missed during the suspension.

Detention is the assignment of a student to a supervised area for a specified time before or after school, at lunch, or during Saturday school.

School Attendance Review Board (SARB) reviews student attendance and disruptive behavior. Students may be referred to SARB for habitual truancy, irregular attendance, habitual insubordination, or disorderly conduct at school.

- SARB may direct the parent(s)/guardian(s) to escort/attend school with the child as directed. (Ed. Code 48900.1 and 48910)
- SARB may direct that a student take part in community services
- SARB may involve the district attorney or the county probation department in a student’s case
- SARB may transfer the student to another school or to an alternate education program
- SARB may require a parent to complete a District approved Parenting Education course

The Search and Seizure Policy governs the District’s authority to search individual students and their property when reasonable suspicion exists. Under Board Policy 5145.12(a) school officials may search when there is a reasonable suspicion the student has or may violate the Code of Conduct.

- General inspections of school properties such as lockers and desks may be conducted on a regular, unannounced basis. Any items in a locker shall be considered the property of the student to whom the locker was assigned
- To ensure the safety of students and staff, schools may conduct random searches for weapons using metal detectors when reasonable suspicion exists
- The District may use specially trained, non-aggressive dogs to detect the presence of substances prohibited by law or district policy when reasonable suspicion exists. Dogs may be used in the inspection of lockers, vehicles or personal property, but may not be used in the search of a person.

Bullying. According to the California Department of Education’s publication titled, *Bullying at School*, bullying is defined as exposing a person to abusive actions repeatedly over time. If your child is being bullied, the best

CALIFORNIA HEALTHY YOUTH ACT (EC 51934, 51938)

Students enrolled in DISTRICT programs or activities may receive instruction in personal health and public safety, which may include accident prevention, first aid, fire prevention, conservation of resources, and health education including comprehensive sexual health education and HIV prevention.

DISTRICT plans to provide comprehensive sexual health education and/or HIV prevention education during the 2021-2022 school year. The instruction shall include, among other things, information about sexual harassment, sexual abuse, and human trafficking. Information on human trafficking shall include both of the following:

- Information on the prevalence, nature, and strategies to reduce the risk of human trafficking, techniques to set healthy boundaries, and how to safely seek assistance; and
- Information on how social media and mobile device applications are used for human trafficking.

Students will be taught by DISTRICT personnel. If DISTRICT decides to arrange for an outside consultant to provide comprehensive sexual health education and/or HIV prevention education, DISTRICT will provide notice to parents no fewer than 14 days before the instruction is delivered by mail or another form of communication.

A pupil's parent or guardian has the right to request from DISTRICT, a copy of the California Healthy Youth Act, Education Code section 51930, *et. seq.* A pupil's parent or guardian also has the right to inspect and review the written and audiovisual educational materials used in comprehensive sexual health education and HIV prevention education.

A pupil's parent or guardian may submit a written request to excuse the pupil from participation in any class involving comprehensive sexual education or HIV prevention education by submitting their request in writing to DISTRICT.

DISTRICT may administer for pupils in grades 7 to 12 inclusive, anonymous, voluntary, and confidential research and evaluation tools to measure pupils' health behaviors and risks, including tests, questionnaires, and surveys containing age-appropriate questions about the pupil's attitudes concerning or practices relating to sex. A parent or guardian may excuse their child from the test, questionnaire, or survey by opting out of their student's participation in the tests, questionnaires or surveys. An opt-out form is provided within these notifications. Parents or guardians have a right to review the test, questionnaire, or survey if they wish.

The excused pupil shall not be subject to disciplinary action, academic penalty, or other sanction if the pupil's parent or guardian declines to permit the pupil to receive comprehensive sexual health education or HIV prevention education or to participate in anonymous, voluntary, and confidential tests, questionnaires, or surveys on pupil health behaviors and risks.

PUPIL SAFETY: HUMAN TRAFFICKING PREVENTION RESOURCES (EC 49381)

The governing board of DISTRICT (OR CHARTER) will work with their schools that maintain any grades 6 to 12, inclusive, to identify the most appropriate methods of informing parents and guardians of pupils in those grades of human trafficking prevention resources and to implement the identified methods in those schools by January 1, 2020.

PUPIL NUTRITION (EC, IF CHARTER-47613.5, 49510-49520; 49564-49564.5, 49557.5)

Free or reduced-priced meals are available for pupils in receipt of public assistance. The federal National School Lunch Program and the federal School Breakfast Program ensure that pupils whose parents or guardians have unpaid school meal fees are not shamed, treated differently, or served a meal different from the pupil's choice because of the fact that the pupil's parent or guardian has unpaid meal fees. Meal program details are provided at the pupil's school site. All parents and guardians receive a letter with the application form upon enrollment. To apply for free or reduced-price meals, households must fill out the application and return it to the school or apply online at <https://www.nlappscloud.com/>.

An opt-out form is provided within this notice.

IMMUNIZATION AND COMMUNICABLE DISEASES (EC 48216, 49403)

DISTRICT shall follow all laws, rules, and regulations regarding immunizations required for students to enroll. DISTRICT shall not admit any student until the student is properly immunized as required by law. If there is good cause to believe a student has been exposed to a disease and his or her proof of immunization does not show proof of immunization against that disease, DISTRICT may temporarily exclude the child from school until the local health officer is satisfied that the child is no longer at risk of developing or transmitting the disease.

If the parent or guardian files with the governing authority a written statement by a licensed physician to the effect that the physical condition of the child is such, or medical circumstances relating to the child are such, that immunization is not considered safe, indicating the specific nature and probable duration of the medical condition or circumstances, including, but not limited to, family medical history, for which the physician does not recommend immunization, that child shall be exempt from the immunization requirements.

2. The pupil has an individualized education program requiring placement in a nonpublic, nonsectarian school, or in another local educational agency.
3. The parent or guardian, or other person holding the right to make educational decisions for the pupil pursuant to Section 361 or 726 of the WIC or Section 56055 (“educational rights holder”), determines that it is in the best interests of the pupil to be placed in another educational program and has submitted a written statement to the local educational agency that they have made that determination. This statement shall include a declaration that the parent, guardian, or educational rights holder is aware of all of the following:
 - a. The pupil has a right to attend a regular public school in the least restrictive environment.
 - b. The alternate education program is a special education program, if applicable.
 - c. The decision to unilaterally remove the pupil from the regular public school and to place the pupil in an alternate education program may not be financed by the local educational agency.
 - d. Any attempt to seek reimbursement for the alternate education program may be at the expense of the parent, guardian, or educational rights holder.

The parent or guardian, or educational rights holder shall first consider placement in the regular public school before deciding to place the pupil in foster care in a juvenile court school, a community school, or another alternative educational setting.

A pupil in foster care may still be subject to expulsion under applicable law and board policy.

Pupils in foster care are subject to other laws governing the educational placement in a juvenile court school, of a pupil detained in a county juvenile hall, or committed to a county juvenile ranch, camp, forestry camp, or regional facility, notwithstanding the rights contained in this notice.

Children in foster care living in emergency shelters (as referenced in the federal McKinney-Vento Homeless Assistance Act (42 U.S.C. Sec. 11301, et seq.)), may receive educational services at the emergency shelter as necessary for short periods of time for either of the following reasons:

1. For health and safety emergencies.
2. To provide temporary, special, and supplementary services to meet the child's unique needs if a decision regarding whether it is in the child's best interests to attend the school of origin cannot be made promptly, it is not practical to transport the child to the school of origin, and the child would otherwise

not receive educational services.

The educational services may be provided at the shelter pending a determination by the educational rights holder regarding the educational placement of the child.

All educational and school placement decisions shall be made to ensure that the child is placed in the least restrictive educational programs and has access to academic resources, services, and extracurricular and enrichment activities that are available to all pupils. In all instances, educational and school placement decisions shall be based on the best interests of the child.

DISTRICT has designated Stephanie Dillard at 916-567-5423 as the educational liaison for pupils in foster care. The role of educational liaison is advisory with respect to placement decisions and determination of school of origin and does not supersede the role of the parent or guardian retaining educational rights, a responsible adult appointed by the court, a surrogate parent or a foster parent exercising their legal rights with respect to the education of the child in foster care. The educational liaison serves the following roles:

1. Ensures and facilitates proper educational placement, enrollment in school, and checkout from school for children in foster care;
2. Assists children in foster care when transferring from one school to another school or from one school district to another school district in ensuring proper transfer of credits, records and grades.
3. When designated by the Superintendent, notifies a child in foster care's attorney and child welfare agency representative(s) of pending disciplinary proceedings and pending manifestation determination proceedings if they are also eligible to receive special education and related services under the IDEA.

At the initial detention or placement by the Juvenile Court, or any subsequent change in placement of a child in foster care by the Court, the local educational agency serving the child shall allow them to continue their education in the school of origin for the duration of the jurisdiction of the court. If the jurisdiction of the court is terminated prior to the end of the academic year:

1. Former children in foster care in grades kindergarten, or 1 to 8, inclusive, shall be allowed to continue their education in the school of origin through the duration of the academic year;
2. Former children in foster care in high school shall be allowed to continue their education in the school of origin through graduation;
3. Transportation is not required unless the former child in foster care has an IEP and the IEP team determines transportation is a necessary related service, required by the unique educational needs of the pupil in order to benefit from their special education program. Transportation may be provided at the local educational agency's discretion. The rights of these youth do not supersede any other law governing special education for eligible children in foster care.
4. To ensure that children in foster care have the benefit of matriculating with their peers in accordance with the established feeder patterns of school districts, if a child in foster care is transitioning between school grade levels, they shall be allowed to continue in the school district of origin in the same attendance area, or, if they are transitioning to a middle school or high school, and the school designated for matriculation is in another school district, to the school designated for matriculation in that school district.

In consultation with the child in foster care and educational rights holder, the educational liaison may recommend that they waive their right to attend the school of origin and enroll in a public school within their

attendance area. The educational liaison's recommendation must be accompanied by a written explanation for the basis of the recommendation and how it serves the child in foster care's best interests.

1. If the educational liaison, child in foster care, and educational rights holder agree it is in the best interest of the child to waive their right to attend the school of origin and attend the recommended school, the child in foster care shall immediately be enrolled within the recommended school.
2. The recommended school shall immediately enroll the child in foster care regardless of any outstanding fees, fines, textbooks or moneys due to any previous schools of attendance or if the child in foster care is unable to produce clothing or records normally required for enrollment, such as previous academic records, medical records, including proof of immunization, proof of residency or other documentation.
3. Within two business days of the request for enrollment, the educational liaison for the new school shall contact the school last attended by the child in foster care to obtain all academic and other records. The last school attended by the child in foster care shall provide all required records to the new school regardless of any outstanding fees, fines, textbooks, or other items or moneys owed to the school last attended. The educational liaison for the school last attended shall provide a complete copy of their education record to the new school within two business days of receiving the request.

If any dispute arises as to the school placement of a pupil under this section, the pupil has the right to remain in their school of origin, pending resolution of the dispute.

"School of origin" means the school that the child in foster care attended when permanently housed or the school in which the child in foster care was last enrolled. If the school the child in foster care attended when permanently housed is different from the school in which they were last enrolled, or if there is some other school that they attended with which they are connected and that they attended within the immediately preceding 15 months, the educational liaison, in consultation with, and with the agreement of, the child and the educational rights holder, shall determine, in the best interests of the child, the school that shall be deemed the school of origin.

If the child in foster care is absent from school due to a decision by a court or placing agency to change their placement, the grades and credits of the child in foster care will be calculated as of the date they left school and no lowering of grades will occur as a result of the absence of the child under these circumstances. If the child in foster care is absent from school due to a verified court appearance or related court ordered activity, no lowering of their grades will occur as a result of the absence of the pupil under these circumstances.

A child in foster care or a pupil who is a homeless youth who transfers between schools any time after the completion of the pupil's second year of high school shall be exempt from all coursework and other graduation requirements adopted by the governing board of the local educational agency that are in addition to the statewide coursework requirements, unless the local educational agency makes a finding that they are reasonably able to complete the local educational agency's graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school.

Within 30 days of the child's transfer into a school, the local educational agency should determine whether a child in foster care or a pupil who is a homeless youth is reasonably able to complete the local educational agency's graduation requirements within the pupil's fifth year of high school. If the pupil is reasonably able to complete the local educational agency's graduation requirements within a fifth year of high school, the local educational agency shall do all of the following:

1. Inform the pupil of their option to remain in school for a fifth year to complete the local educational

agency's graduation requirements.

2. Inform the pupil, and the educational rights holder, about how remaining in school for a fifth year to complete the local educational agency's graduation requirements will affect the pupil's ability to gain admission to a postsecondary educational institution.
3. Provide information to the pupil about transfer opportunities available through the California Community Colleges.
4. Permit the pupil to stay in school for a fifth year to complete the local educational agency's graduation requirements upon agreement with the pupil, if the pupil is 18 years of age or older, or, if the pupil is under 18 years of age, upon agreement with the educational rights holder.

If the local educational agency fails to provide timely notice of the exemption, the pupil shall be eligible for the exemption, once notified, even if that notification occurs after the termination of the court's jurisdiction of the pupil or after the pupil is no longer considered homeless.

If a child in foster care or a pupil who is a homeless youth is exempt from local graduation requirements pursuant to this section and completes the statewide coursework requirements before the end of their fourth year of high school and that pupil would otherwise be entitled to remain in attendance at the school, a school or local educational agency shall not require or request that the pupil graduate before the end of their fourth year of high school, nor shall they be required to accept the exemption or be denied enrollment in courses for which they are otherwise eligible.

If a child in foster care or a pupil who is a homeless youth is not exempt from local graduation requirements or has previously declined the exemption pursuant to this section, a local educational agency shall exempt the pupil at any time if an exemption is requested by the pupil and the pupil qualifies for the exemption. The exemption shall apply after termination of the court's jurisdiction or after the pupil is no longer considered homeless.

A transfer shall not be requested solely to qualify for an exemption under this section.

The local educational agency shall accept coursework satisfactorily completed by a child in foster care or a pupil who is a homeless youth while attending another public school, a juvenile court school, or a nonpublic, nonsectarian school even if the pupil did not complete the entire course and issue that pupil full or partial credit for the coursework completed.

The local educational agency may not require a child in foster care or pupil who is a homeless youth to retake a course if the pupil has satisfactorily completed the entire course in a public school, a juvenile court school, or a nonpublic, nonsectarian school. If the pupil did not complete the entire course, the local educational agency may not require the pupil to retake the portion of the course the pupil completed unless the local educational agency in consultation with the educational rights holder, finds that the pupil is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the child in foster care or pupil who is a homeless youth shall be enrolled in the same or equivalent course, if applicable, so that the pupil may continue and complete the entire course. The pupil shall not be prevented from taking or retaking a course to meet eligibility requirements for admission to the California State University or University of California.

A complaint of noncompliance with the requirements of this section may be filed with the local educational agency under the Uniform Complaint Procedures set forth in Chapter 5.1 (commencing with Section 4600) of

Division 1 of Title 5 of the California Code of Regulations.

A complainant not satisfied with the decision of a local educational agency may appeal the decision to the CDE and shall receive a written decision regarding the appeal within 60 days of the CDE's receipt of the appeal.

If a local educational agency finds merit in a complaint, or the Superintendent finds merit in an appeal, the local educational agency shall provide a remedy to the affected pupil.

CHILDREN OF MILITARY FAMILIES AND OTHER PROTECTED PUPILS (EC 49701, 51225.1, 51225.2)

A pupil who is a “child of a military family” is defined as a school-aged child or children, enrolled in kindergarten through twelfth grade, in the household of an active duty member. “Active duty” means full-time status in the active uniformed service of the United States, including members of the National Guard and Reserve on active duty orders pursuant to 10 U.S.C. sections 1209 and 1211.

Children of military families who transfer between schools any time after the completion of the pupil’s second year of high school shall be exempt from all coursework and other graduation requirements adopted by the governing board of the local educational agency that are in addition to the statewide coursework requirements, unless the local educational agency makes a finding that the child of a military family is reasonably able to complete the local educational agency’s graduation requirements in time to graduate from high school by the end of the pupil’s fourth year of high school.

Within 30 days of the child of a military family’s transfer into a school, the local educational agency should determine whether the child of a military family is reasonably able to complete the local educational agency’s graduation requirements within the pupil’s fifth year of high school. If the pupil is reasonably able to complete the local educational agency’s graduation requirements within a fifth year of high school, the local educational agency shall do all of the following:

1. Inform the pupil of his or her option to remain in school for a fifth year to complete the local educational agency’s graduation requirements.
2. Inform the pupil, and the educational rights holder, about how remaining in school for a fifth year to complete the local educational agency’s graduation requirements will affect the pupil’s ability to gain admission to a postsecondary educational institution.
3. Provide information to the pupil about transfer opportunities available through the California Community Colleges.
4. Permit the pupil to stay in school for a fifth year to complete the local educational agency’s graduation requirements upon agreement with the pupil, if the pupil is 18 years of age or older, or, if the pupil is under 18 years of age, upon agreement with the educational rights holder.

Within 30 calendar days of the date that a pupil who is a child of a military family who may qualify for the exemption from local graduation requirements transfers into a school, the school district shall notify the pupil and the pupil’s parent or guardian of the availability of the exemption and whether the pupil qualifies for an exemption.

If the District fails to provide timely notice, the pupil shall be eligible for the exemption from local graduation requirements, even if that notification occurs after the pupil no longer meets the definition of “a child of a

military family.”

If a child of a military family is exempt from local graduation requirements pursuant to this section and completes the statewide coursework requirements before the end of his or her fourth year of high school and that pupil would otherwise be entitled to remain in attendance at the school, a school or local educational agency shall not require or request that the pupil graduate before the end of his or her fourth year of high school, nor shall the child of a military family be required to accept the exemption or be denied enrollment in courses for which they are otherwise eligible.

If a child of a military family is not exempt from local graduation requirements or has previously declined the exemption pursuant to this section, a local educational agency shall exempt the pupil at any time if an exemption is requested by the pupil and the pupil qualifies for the exemption. The exemption shall apply after the pupil no longer meets the definition of “a child of a military family” while the pupil is enrolled in school or if the pupil transfers to another school or school district.

A school district shall not require and a parent or guardian shall not request a child of a military family to transfer schools solely to qualify the pupil for an exemption under this section.

The local educational agency shall accept coursework satisfactorily completed by a pupil who is a child of a military family while attending another public school (including schools operated by the United States Department of Defense), a juvenile court school, or a nonpublic, nonsectarian school or agency even if the pupil did not complete the entire course and issue that pupil full or partial credit for the coursework completed.

The local educational agency may not require a child of a military family to retake a course if the pupil has satisfactorily completed the entire course in a public school, a juvenile court school, or a nonpublic, nonsectarian school or agency. If the pupil did not complete the entire course, the local educational agency may not require the pupil to retake the portion of the course the pupil completed unless the local educational agency in consultation with the educational rights holder, finds that the pupil is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the child of a military family shall be enrolled in the same or equivalent course, if applicable, so that the pupil may continue and complete the entire course. The pupil shall not be prevented from taking or retaking a course to meet eligibility requirements for admission to the California State University or University of California.

A complaint of noncompliance with the requirements of this section may be filed with the local educational agency under the Uniform Complaint Procedures set forth in Chapter 5.1 (commencing with Section 4600) of Division 1 of Title 5 of the California Code of Regulations.

A complainant not satisfied with the decision of a local educational agency may appeal the decision to the CDE and shall receive a written decision regarding the appeal within 60 days of the CDE's receipt of the appeal.

If a local educational agency finds merit in a complaint, or the Superintendent finds merit in an appeal, the local educational agency shall provide a remedy to the affected pupil.

The above protections shall also apply to pupils in foster care, pupils who are homeless, former juvenile court school pupils, migratory children, and pupils participating in a newcomer program, as defined in Education Code section 51225.2(a).

WILLIAMS COMPLAINT POLICY AND PROCEDURES (EC 35186)

DISTRICT has adopted a uniform complaint process to help identify and resolve deficiencies related to instructional materials, emergency or urgent facilities conditions that pose a threat to the health and safety of pupils or staff and teacher vacancy or mis-assignment. Notice of the complaint process and the location at which to obtain a complaint form is posted in all classrooms.

NOTICE OF ALTERNATIVE SCHOOLS (EC 58501)

“California State law authorizes all school districts to provide for alternative schools. The Education Code defines alternative school as a school or separate class group within a school, which is operated in a manner designed to:

- Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy.
- Recognize that the best learning takes place when the student learns because of his desire to learn.
- Maintain a learning situation maximizing student self-motivation and encouraging the student in his own time to follow his own interests. These interests may result in whole or in part from a presentation by his teachers of choices of learning projects.
- Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process.
- Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the *County Superintendent of Schools, the administrative office of this district, and the principal's office in each attendance unit have copies of the law available for your information.* This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district.”

A copy of the notice shall also be posted in at least two places normally visible to pupils, teachers, and visiting parents in each attendance unit for the entire month of March in each year.

STATEMENT OF NON-DISCRIMINATION

Discrimination in education programs is prohibited by state and federal law. Education Code section 200, et seq. requires school district to afford all pupils regardless of gender, gender identity, gender expression, sex, race, color, religion, natural origin, immigration status, ethnic group identification, mental or physical disability, sexual orientation, or the perception of one or more of such characteristics, equal rights and opportunities in accessing educational programs, activities and facilities.

Title VI of the Civil Rights Act of 1964 prohibits discrimination on the basis of race, color, and national origin. Title IX prohibits discrimination on the basis of sex. The Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973 prohibit discrimination on the basis of disability. Also, pursuant to EC 212.1, “race” is inclusive of traits historically associated with race, including, but not limited to, protective hairstyles and textures.

DISTRICT will take the required steps to assure that the lack of English will not be a barrier to admission and participation in district programs. This policy applies to all students insofar as participation in programs and activities is concerned, with few exceptions such as contact sports. In accordance with federal law, complaints alleging non-compliance with this policy are investigated through the Uniform Complaint Process.

LETTER TO PARENTS REGARDING INTERNET SAFETY FOR STUDENT

Natomas Unified School District
Subject: Internet Safety

Dear Parents/Guardians:

The Natomas Unified School District prides itself on providing a safe learning environment for its students. An emerging national concern is the inappropriate use of the Internet by students. This problem has the potential to be harmful, and we ask your support in assisting us with this challenge.

Across the nation, schools have seen an increase in negative student behavior as a result of messages written using electronic technology, posted to popular social media websites. Many of the social media websites contain instant messaging components that allow students to chat with other students and post statements that ordinarily would not be said in a face-to-face conversation.

Unfortunately, some of these websites are being used by child predators, “cyber bullies,” and con artists. Unfortunately, some students use the sites to participate in online bullying or to threaten harm to other students. The so-called “cyber bullies,” mostly children between the ages of 9 and 14, use the anonymity of the web to hurt others without witnessing the consequences. Students who are bullied online sometimes do not report these occurrences for fear that they will be barred from using the Internet.

Outside of our schools, there have been instances of adults posing as youths and gaining access to student chat rooms. In some cases, these contacts have led to tragedy. Some unsuspecting students post enough personal information that predators are able to locate students’ home or school addresses, thereby becoming easy targets for predators.

The Natomas Unified School District has blocked the use of these social networking sites from our school computers. We will continue to block objectionable material as we deem appropriate. Parents should be aware of what their children are writing on the Internet and what others are posting in reply. These social networking websites are public domain, and some of the contents posted there can be seen by anyone who has Internet access. If you choose to do so, you may investigate the sites by personally logging on to the sites. The services are free, and users may register using an e-mail address. Once you have registered, you can search by name and e-mail address to see if your child is registered. You can narrow the search result by entering the name of your city. You will be able to view the kinds of personal information, messages, diaries, and photographs that students post to this website.

We encourage you to talk to your child about the potential danger of the Internet. Ask if they have an account on any social media website. If your child is using such a site with your permission, you may want to review his or her profile to ensure that no personal and identifiable information has been posted.

We also encourage you to establish rules and guidelines to ensure the safety of your child while on the Internet. Some websites offer parental or family guidance for Internet safety; for example:

- www.connectsafely.org.
- www.webwisekids.org

The Natomas Unified School District will continue to provide Internet security within our schools. It is important that parents also monitor Internet use at home.

Thank you for your support and cooperation in keeping our students safe. If you have any questions or would like more information, please feel free to contact Information Technology at (916) 567-5880.

Sincerely,

Rick Messer

NATOMAS UNIFIED SCHOOL DISTRICT
2022-2023 CONCUSSION INFORMATION SHEET
(Applicable only for the Current School Year)

A concussion is a brain injury and all brain injuries are serious. They are caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. They can range from mild to severe and can disrupt the way the brain normally works. Even though most concussions are mild, **all concussions are potentially serious and may result in complication including prolonged brain damage and death if not recognized and managed properly.** In other words, even a “ding” or a bump on the head can be serious. You can’t see a concussion and most sports concussions occur without the loss of consciousness. Signs and symptoms of a concussion may show up right after the injury and can take hours or days to fully appear. If your child reports any symptoms of concussion, or if you notice the symptoms or signs of a concussion yourself, seek medical attention right away.

Signs and symptoms of a concussion may include one or more of the following:

- Headaches Amnesia
- Pressure in the head Slurred speech
- Nausea and vomiting Fatigue or low energy
- Neck pain Loss of consciousness
- Balance problems or dizziness Nervousness or anxiety
- Blurred, double, or fuzzy vision Irritability
- Sensitivity to light or noise Ringing in the ears
- Feeling sluggish or slow Confusion
- Feeling foggy or groggy Concentration or memory problems
- Drowsiness Change in sleep pattern
- Sadness/More emotional
- Repeating the same comment/question
- Seizures/convulsions
- Shows behavior or personality changes

What can happen if my child keeps on playing with a concussion or returns to school?

Athletes with the signs and symptoms of a concussion should be removed from play immediately. Continuing to play with the signs and symptoms of a concussion leaves the young athlete especially vulnerable to greater injury. There is an increased risk of significant damage from a concussion for a period of time after that concussion occurs, particularly if the athlete suffers another concussion before completely recovering from the first one. This can lead to prolonged recovery, or even the severe brain swelling (second impact syndrome) with devastating and even fatal consequences. It is well known that adolescent or teenage athletes will often under report symptoms of injuries. Concussions are no different. As a result, education of administrators, coaches, parents and students is the key for student/athlete safety.

If you think your child has suffered a concussion

Pursuant to Education Code section 49475, any athlete even suspected of suffering a concussion shall be immediately removed from the athletic activity for the remainder of the day. No athlete may return to activity after an apparent head injury or concussion, regardless of how mild it seems or how quickly symptoms clear, without medical clearance from a licensed health care provider. If the licensed health care provider determines that the athlete sustained a concussion or a head injury, the athlete shall also complete a graduated return-to-play protocol of no less than seven days in duration under the supervision of a licensed health care provider.

You should also inform your child’s coach if you think that your child may have a concussion. Remember it is better to miss one game than miss the whole season. “*When in doubt, the athlete sits out.*”

2022-2023 SUDDEN CARDIAC ARREST INFORMATION SHEET
(Applicable only for the Current School Year)

Sudden Cardiac Arrest (SCA) is a life-threatening emergency that occurs when the heart suddenly stops bearing. It strikes people of all ages – including children and teens – and can lead to death in minutes if the individual does not get help immediately. **Survival depends on people nearby calling 911, starting CPR¹; and using an available AED² as soon as possible.**

SCA is not the same as a heart attack. Here are some key differences:

SCA VICTIM	HEART ATTACK VICTIM
Unresponsive	Responsive
Not breathing normally	Breathing
Needs CPR/AED	Does not need CPR/AED

Recognizing SCA as it occurs is imperative to survival; it is the third leading cause of death in the United States. It affects 1,000 people every day, and only 1 in 10 currently survive. However, the administration of CPR and AED from bystanders can improve the survival rate to 5 in 10.

If an athlete has passed out or fainted during an athletic activity, the athlete shall immediately be removed from the athletic activity for the remainder of the day, and shall not be permitted to return to any athletic activity until the athlete receives written clearance to return to athletic activity from a licensed healthcare provider. If the licensed healthcare provider suspects that the athlete has a cardiac condition that puts the athlete at risk for sudden cardiac arrest or other heart-related issues, the athlete shall remain under the care of the licensed healthcare provider to pursue a follow-up testing until the athlete is cleared to play.

Each athlete and the athlete’s parent/guardian must sign and return this information sheet before initiating practice or competition. However, athletes 18 years of age or older do not need to have a parent/guardian sign, and athletes 6 years of age or younger only need the signature of their parent/guardian.

NATOMAS UNIFIED SCHOOL DISTRICT
2022-2023 ORAL HEALTH NOTIFICATION LETTER
(to accompany Oral Health Assessment/Waiver Request Form)

Dear Parent or Guardian:

To make sure your child is ready for school, California law, Education Code section 49452.8, now requires that your child have an oral health assessment (dental check-up) by May 31 in either kindergarten or first grade, whichever is his or her first year in public school. Assessments that have happened within the 12 months before your child enters school also meet this requirement. The law specifies that the assessment must be done by a licensed dentist or other licensed or registered dental health professional.

Take the attached Oral Health Assessment/Waiver Request form to the dental office, as it will be needed for your child's check-up. If you cannot take your child for this required assessment, please indicate the reason for this in Section 3 of the form. You can get more copies of the necessary form at your child's school or online from the California Department of Education's Web site at <http://www.cde.ca.gov/ls/he/hn/>. California law requires schools to maintain the privacy of students' health information. Your child's identity will not be associated with any report produced as a result of this requirement.

The following resources will help you find a dentist and complete this requirement for your child:

1. Medi-Cal/Denti-Cal's toll-free number or Web site can help you to find a dentist who takes Denti-Cal: 1-800-322-6384; <http://www.denti-cal.ca.gov>. For help enrolling your child in Medi-Cal/Denti-Cal, contact your local social service agency at: (800) 322-6384.
2. Healthy Families' toll-free number or Web site can help you to find a dentist who takes Healthy Families insurance or to find out if your child can enroll in the program: 1-800-880-5305 or <http://www.benefitscal.com/>.
3. For additional resources that may be helpful, contact your local public health care department or Dental Health Initiative – San Diego at 619-692-8858.

Remember, your child is not healthy and ready for school if your child has poor dental health! Here is important advice to help your child stay healthy:

- Take your child to the dentist twice a year.
- Choose healthy foods for the entire family. Fresh foods are usually the healthiest foods.
- Brush teeth at least twice a day with toothpaste that contains fluoride.
- Limit candy and sweet drinks, such as punch or soda. Sweet drinks and candy contain a lot of sugar, which causes cavities and replaces important nutrients in your child's diet. Sweet drinks and candy also contribute to weight problems, which may lead to other diseases, such as diabetes. The less candy and sweet drinks, the better!

Baby teeth are very important. They are not just teeth that will fall out. Children need their teeth to eat properly, talk, smile, and feel good about themselves. Children with cavities may have difficulty eating, stop smiling, and have problems paying attention and learning at school. Tooth decay is an infection that does not heal and can be painful if left without treatment. If cavities are not treated, children can become sick enough to require emergency room treatment, and their adult teeth may be permanently damaged.

Many things influence a child's progress and success in school, including health. Children must be healthy to

learn, and children with cavities are not healthy. Cavities are preventable, but they affect more children than any other chronic disease.

FAQs: RIGHTS AND OPTIONS AVAILABLE TO PREGNANT/PARENTING PUPILS

[Assembly Bill \(AB\) 2289](#) states that pregnant and parenting pupils are entitled to accommodations that provide them with the opportunity to succeed academically while protecting their health and the health of their children by establishing specified rights. The law is effective as of January 2019.

Can my school treat me differently because of my pregnancy or parental status?

No, Title IX of the United States Code prohibits discrimination based on sex, which includes both pregnancy and parental status.

Can my school prevent me from participating in any educational program or activity?

No, a school may not exclude or deny a pregnant or parenting pupil from any educational program or activity, including class or extracurricular activity, based solely on the pupil's pregnancy, childbirth, false pregnancy, termination of pregnancy, or recovery. However, a school may require a pupil to obtain a doctor's note to ensure that they are emotionally and/or physically able to continue participation in the educational program.

Can my school force me to take part in a pregnant minor program?

No, a pregnant or parenting pupil does not have to participate in any alternative educational program because of pregnancy or parental status. A student may voluntarily take part in these programs if they choose.

Am I entitled to any parental leave in preparation or to take care of my newborn child?

Yes, any pregnant or parenting pupil is entitled to a minimum of eight weeks of parental leave, which may be increased under medical necessity. A pupil is not required to complete any class work during this period, and it must be counted as an excused absence by the school.

What if my child is sick?

Taking care of a sick child counts as an excused absence, and the school may not require you to provide a doctor's note for this kind of absence.

What happens when I return to school?

A pregnant or parenting pupil will return to their normal course of study. The pupil is entitled to opportunities to make up any missed work from parental leave. This includes being able to stay for a fifth year of school to complete graduation requirements. The pupil may also enroll in an alternative educational program provided it is equal to that of their former schoolwork.

Do these rights only apply to pregnant pupils?

No, these rights apply equally to all pregnant and parenting pupils, defined as any student who gives or expects to give birth, or any student who identifies as a parent of an infant. A pupil may file a uniform complaint if their school violates the rules above.
