

Annual and Five Year Developer Fee Report

Fiscal Year 2022-2023

Government Code 66006 requires that an annual report of income and expenditures from developer fees and the beginning and ending fund balances in the Capital Facilities Fund be made available to the public within 180 days, after the end of each fiscal year.

Government Code 66001 requires a five-year report if there are any funds remaining in the Fund at the end of the prior fiscal year. The five-year report identifies the project to which the fee is to be applied and identifies all sources and amounts of funding anticipated to complete financing on incomplete improvements.

Natomas Unified School District historically has combined both reports and has completed them annually. The following report is provided to answer specific questions required by the statute.
